The Deputy Comr's recommendation is quite acceptable to me. It is well adapted for the purpose & is located in being in close proximity with the road & midway between the Nandanam & the Depot. No public inconvenience can be caused by the grant. The land will be used by the Municipality. When a park which is absolutely useless. It can be used as in a proper locality, the unnecessary piece of land is quite sufficient for the purpose. The price fixed is as per rate & good. The grant may be sanctioned the land does not belong to the Municipality.

Please submit the draft of the order

Letter No H C 756/20-21 dated the 26th February 1921 from the Deputy Commissioner, Tumkur District, to the Revenue

- - - - - - -

In forwarding herewith copy of application dated the 9th December 1920 from the Agent of His Holiness Muragarajendra Swami requesting that a plot of ground situated near the Road to Railway station and opposite to the Town Hall may be granted for the construction of a Veerasaiva Hostel to be built at a cost of Rs 30,000 for the benefit of the Veerasaiva students, I have the honour to state as follows --

The plot of ground in which the Hostel in question is proposed to be built formed part of Khaji Service Inam land No.109 measuring 15 acres and 12 guntas in the Kasaba Tumkur the acquisition of which for a park and demonstration farm was sanctioned in Government Order No R 5819-22 L R 374-11-2 dated the 17th April 1912 and communicated in your Memo No 12070 dated the 23rd/26th April 1912

The Inspector General of Education in Mysore in his D O letter No 1/277 dated 11th December 1920 recommends the grant of the particular site in question as the best suited for the purpose

In company with the Executive Engineer and the representatives of the Veerasaiva community of the place, I inspected the spot The mutt representatives are in favour of this particular site as it is situated on an elevated ground and is midway between the High School and the A V Boys' School and has the advantage of an extensive vacant ground close by which can be used as a play ground Though there are other lands round the Town, they are far away from the Boys' A V School and are to be acquired I am also of opinion that in consideration of the laudable object of the Swami and the benefit thereby accruing to the students of the Veerasaiva community which is educationally somewhat backward, the land in question,

measuring 230 by 420 feet in extent may be given as prayed for for the Hostel

The enclosed plan prepared by the Executive Engineer shows the situation and the extent of land the portion covered by the Musafirkhana and that proposed for the District Normal School and the Veerasaiva Hostel buildings The remaining portion of the Survey Number which was originally acquired for the purpose of a park and a demonstration farm may be set apart for that purpose or to be used as a public play ground for the use of the Normal School and A V School students The land though acquired for a park has not been paid for by the Municipality nor has it been made over to that body In placeof this land acquired, S No 22 (a breached katte) of Geddalahalli village, Tumkur Taluk, has been given to the Kahaji as Inam and the proceedings have taken place all along and throughout in the Revenue Department and at their instance

The representatives of the Veerasaiva community agree to pay at the rate of Rs200/- per acre for the lands taken up for the building

In these circumstances, I request that early sanction of Government may kindly be obtained for the grant of the land marked in the enclosed map measuring 2½ acres more or less at Rs200/- per acre
